

Corporate Overview

The Industry Leader in B2B Data

Jigsaw is the industry leader in Data-as-a-Service (DaaS) and the world's largest database of up-to-date, accurate, and complete contact and company information. Uniquely leveraging continuously updated content from its B2B membership, Jigsaw provides direct access to millions of business contacts and company profiles.

Jigsaw For Sales

Powerful Tools To Enhance Prospecting & Gain Net New Leads

Go beyond executive titles to reach influencers & decision-makers.

- Improve lead generation with access to 70% direct dial phone numbers, email addresses, & detailed job titles.
- Append incomplete lead information for prospecting & nurturing.
- Expand your pipeline with highly customizable contact searches.

Jigsaw For Marketing

Boost Campaigns and Clean Your CRM

Energize marketing efforts with multi-channel campaigns to increase response rate.

- Own your data, no need to rent lists.
- Keep your contacts up-to-date against a continuously updated database.
- Leverage phone, email, & direct mail information to communicate to prospects.

Jigsaw For Recruiting

Find Hiring Managers and Passive Candidates

Bypass corporate gatekeepers & avoid common obstacles to find the right people right now.

- Get in touch with hard-to-find or hidden candidates.
- Save time with immediate access to professionals' contact information.
- Cross-reference a candidate's experience with a click via Jigsaw's integration with LinkedIn.
