

Jigsaw Integrated Solution Partner Program

Jigsaw Integrated Solutions partners have integrated Jigsaw into their applications and product, giving them competitive differentiation by offering the world's largest and most complete contact database as well as real-time data hygiene and quality offerings. Integrated solutions partners power their solutions with accurate, complete, multi-channel contact data. Sales, Marketing, Recruiting, Identity/Fraud, Legal, and Portal solutions are made instantly more relevant, powerful, and valuable to clients as a result. These partners demonstrate protection of Jigsaw data from unauthorized crawling and mining efforts.

Jigsaw also provides its Partners with significant integration, marketing, and offline fulfillment support as necessary.

Benefits of being a Jigsaw Integrated Solution Partner:

- The benefits of integrating Jigsaw's data with your Applications and Products, resulting in price premiums, higher customer acquisition and retention, and competitive differentiation.
- Depending on your level of engagement with Jigsaw, you can enjoy co-selling, lead generation, and co-promotion as a result of "field integration" with our sales and marketing teams.
- A link and logo on our Integrated Solution Partner Section on www.Jigsaw.com with description of your company, products and services.
- Jigsaw links will be provided to put on your site and in your product that will take clients to your customized Jigsaw Landing Page, along with links to your product demo and/or integrated-with-Jigsaw demo.
- The opportunity to be featured in our community Newsletters, going out to our 350,000 community members, as well as the opportunity to present your company during one of our community and/or corporate membership webinar series.
- Jigsaw's training webinars and support calls to insure client optimization of the Jigsaw powered capabilities of your product.
- Incremental Revenue to you: We will support you in the offline fulfillment of Jigsaw higher end products for your clients, with discounts and commissions that make it an attractive revenue model for your business.

What your customers get with Jigsaw:

- Seamless, automated data exchange with the world's most complete, global Business contact dataset
- More than 7 Million Complete Business Contacts and over 550,000 Businesses – over 10,000 contacts added daily.
- Multi-channel data: each contact has direct email, phone, and mailing address
- Data hygiene: a community of over 350,000 members that add, maintain, and update data
- Data enhancement: most data solutions have data that is incomplete, "dead," or duplicate: Jigsaw solves all three major problems via our integrated solution.
